MONDAY MORNING, SEPT. 17. An Anti-American Roorback.

The Union American publishes an extract from what purports to be an organization of "Templar," instituted "by some progressive members of the Know Nothing party." The only authority, for the existence of this party is the New York Daily Times, which is no authority at all in this case. But whether it exists or not, the attempt to throw the responsibility of it upon the American party is absurd. It is altogether more in consonance with the practice of the Sag Nichts. At all events the principles. rituals, oaths, &c., will not be adopted or sanc-

tioned by the American party. The Savannah Republican says of this new trick of the enemy:

We would say, of our own knowledge, that their whole ritual, obligation, objects, &c. so far as they are ascribed to the National Council at Philadelphia or to the American party, is a falsehood and a forgery. No such ritual was ever instituted by the American parry. It is the work of an enemy, or

Although the Democrats have re-elec-Governor Pease, his majority is reduced in hitherto impregnable Texas to probably less than 3,000. In 71 counties he leads Dickson 8,423, with 29 strong American counties to hear from. In the same counties, Dr. Jowers, the American candidate for Lieut. Governor, has 251 majority, and his election is regarded as a fixed fact.

The Eastern District has elected Evans-American-to Congress by a round majority. The returns sum up as follows: THE RESERVE TO SERVE THE PARTY OF THE PARTY

The election of Crosby, the American caudidate for Land Office Commissioner, is conceded by the opposition. He beats Fields. Thus it appears that the Americans have carried the Lient, Governor, Commissioner of the Land Office, and one member of Congress; while the Anties have elected their Governor and one Congressman. The Legislature is yet in doubt. The Senate is probably Democratic, from the large numbers of Senators who hold over. The House may or may not counterbalance the Senate. On the whole, Texas has

DR. J. H. CALLENDER. " The Review compliments highly the opening address of the President on taking his chair. At the conclusion of his remarks the following preamble and resolutions were introduced by

The American party of Williamson county deem it proper to make known to their brethren throughout the State, their feelings relative to our recent defeat, and what shall be their course in the coming canvass, which they are eager to see at hand, and which they, trusting in the rectitude of their principles, firmly believe will bring them a glorious victory in the State of Tennessee, as well as in the whole Union. We feel justified in saying to our brethren in the State, that among other causes, we view the fact of our principles not being discussed in many counties in the State, as the most prominent cause of our recent defeat; and in order that this may be remedied, we ask our brethren every where to organize, and have our principles discussed; and trusting to the intelligence and patriotism away. of the people of Tennessee, we believe there is the recent Gubernatorial canvass, we rejoice that Tennessee, (having elected a majority of the delegation to Congress, and a majority of the Legisla- ceeding one or two a day. ture from the American party,) shows herself American beyond contention.

THE YELLOW FEVER IN THE SOUTH .- OUR latest advices from New Orleans represent the epidemic rapidly on the decline, and the papers speak confidently of a speedy return of good health and business activity.

The Mobile Advertiser announces that the symptoms do not indicate any general spread of the disorder in that city. From Texas we have dates to the 18th inst.

During the prevalence of the yellow fever in Galveston, last year, when the population of that city was no larger, if as large as that of Houston at the present time, there were 15 to 20 died daily as many as have died here in the last two weeks. ALARMING ACCOUNT OF THE CROPS ON THE CONTINENT.-The news from Germany in relation to the grain crops is of a very unfavorable character. The supplies at this time of the year are usually very small and the prices not high, but the accounts from East Prussia, Pomeranio, Silesia, Mecklenburg. and Holstein have caused great excitement.
